Lightweight Thermal Paper from Germany: Final Results of the Antidumping Duty Administrative Review; 2012 – 2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: On December 1, 2014, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on lightweight thermal paper (LWTP) from Germany.¹ The period of review (POR) is November 1, 2012, through October 31, 2013. We invited interested parties to comment on the preliminary results. After reviewing the comments received and making corrections to the margin calculation program, we continue to find that Papierfabrik August Koehler SE (Koehler) did not make sales of subject merchandise at less than normal value. The final dumping margin for Koehler, listed below in the section entitled “Final Results of the Review,” is unchanged from the preliminary results.

Background

Since the publication of the Preliminary Results, in January 2015, Koehler submitted a case brief. The Department is conducting this administrative review in accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise covered by the order is LWTP.²

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties are addressed in the Issues and Decision Memorandum, which is dated concurrently with, and adopted by, this notice. A list of the issues which parties raised and to which we respond in the Issues and Decision Memorandum is attached to this notice as Appendix I. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).³ ACCESS is available to registered users at <http://access.trade.gov> and to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. Disclosure

We intend to disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of these final results of review. Because we have calculated a zero margin for Koehler in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The Department clarified its “automatic assessment” regulation on May 6, 2003.⁴ This clarification applies to entries of subject merchandise during the POR produced by Koehler for which it did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate effective during the

POR if there is no rate for the intermediate company(ies) involved in the transaction. See Assessment Policy Notice for a full discussion of this clarification.

Discontinuation of Cash Deposit Requirements

On January 22, 2015, the U.S. International Trade Commission determined, pursuant to section 751(c) of the Act (i.e., as a result of a five-year “sunset” review), that revocation of the antidumping duty order on the subject merchandise would not be likely to lead to the continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵ Accordingly, the antidumping duty order on LWTP from Germany was revoked effective November 24, 2013.⁶ As a result, we have instructed CBP to discontinue collection of cash deposits of antidumping duties on entries of the subject merchandise made on or after November 24, 2013.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of

return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

The final results of this administrative review and notice are published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221.
